Building Provincial Capacity in Autism Spectrum Disorder: The CIRCA Training Initiative

Date: December 5, 2018
Time: 2:30-4:00 p.m.
Location: Room 278 Scarfe (Library block)

Dr. Bopp will present a brief overview of the status of the CIRCA training initiative, which is supported with funds from the BC Ministry of Children and Family Development (MCFD). The goal of the initiative is to develop autism-related training materials and resources to support a wide range of professionals, paraprofessionals and families throughout the province. This presentation will describe the results of a co-design process used to develop a 3-year strategic plan and will provide a research review on best practices for online versus face-to-face training that will be taken into consideration as new materials are developed.

Light refreshments will be provided. No RSVP Required.

Karen Bopp

Ph.D., RSLP
CIRCA Director of Provincial Outreach and Adjunct Professor, UBC
