

Preferred Sections (for courses with multiple sections only. Does not apply to single section courses.)	
How many sections would you be interested in teaching? (for courses with multiple sections only. Does not apply to single section courses.)	

Please describe your qualification to teach this course (e.g. experience, courses taken, etc.)

Please provide examples of your experience that would help you teach the above indicated sections

Please note that this is a multi-section course that requires some consistency across sections. Accordingly, a common course outline will be developed for all sections—with input from the instructors involved in the course. To this end, a few meetings will be held prior to the start of the course so that all instructors can have a say in the course design and set-up. It is important that you attend these meetings.

Submission Checklist

Form read and completed

CV attached

Supervisor approval attached (if applicable)

Willingness to attend pre-course meetings

Copy of Study Permit
