Normally within two weeks from the date of receipt of your request (except during August), the Practicum Coordinator will send an endorsement letter, documenting over 200 hours of supervised clinical training (including 100+ direct supervision) within our master's program at UBC, to the BCACC Registrar upon checking the accuracy of the information you provide on the *Request Form*. BCACC will accept this endorsement letter as sufficient to fulfill the supervised hour requirement. You are responsible for ensuring that all documents required for your membership application are received by the BCACC Head Office observing their guidelines and deadlines. Your referees may leave blank the section in the BCACC Registered Membership Application Form which asks for the documentation of minimally required supervision hours. You or your referee may state on the membership application form: "See the endorsement letter from the CNPS Practicum Coordinator, UBC Counselling Psychology, regarding the applicant's clinical training supervision hours." Our endorsement letter certifies that you have clearly met this requirement upon your successful completion of our master's program.
